Animation: <https://gsapify.com/gsap-animations/#hover-interactions>

Scene: 1	
Screen Title: Title Introduction	
Audio:	Video:
Interactivity: Scroll	Graphics: Icerberg image

Animation: Fade Animation on the background image Blur animation for the Title Text Sentence Cascade animation for the Subtitle Fade-in animation for the Scroll cue text Ref: https://www.youtube.com/watch?v=AaO-LmExmkM&list=PL8bX3D8aBEpnxsHw-B_592tg7C0v6n_ov&index=106	Text: Title Text: A Rising Reality Subtitle: Climate change is no longer a distant possibility. It is a reality unfolding around us. Scroll cue text: Scroll to explore how this global issue is closer than we think.
--	---

**It feels like
something
happening
somewhere
else.**

**In another country.
In another time.
To other people.**

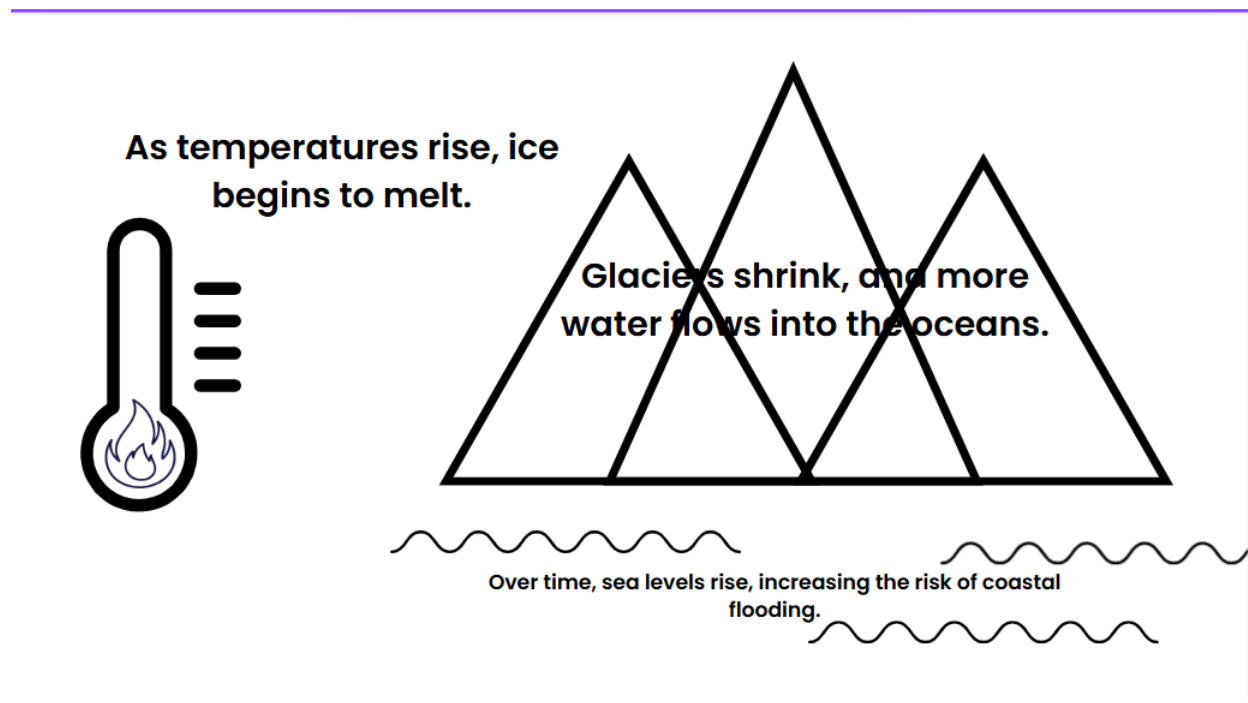

Scene: 2	
Screen Title: The Problem	
Audio:	Video:
Interactivity: Scroll	Graphics: Iceberg image, Window Image
Animation: Scroll, Zoom in into the iceberg image. Scroll, Text 1 appear with Zoom Out Effect. Scroll, the iceberg image zoom-out Scroll, window image appear from bottom. Scroll, Text 2 appear with Word by Word Built Animation Scroll, Text 3 appear with Line-by-Line Reveal Animation Scroll, all the text and images scrolls up and text 4 appear with Ascend Animation Ref: https://www.youtube.com/watch?v=0Ezdaeg7veg	Text: Text 1: Climate change feels far away. Text 2: It feels like something happening somewhere else. Text 3: In another country. In another time. To other people. Text 4: But what if it isn't?

**Climate change is no longer
just a distant headline.
its effects are becoming
more visible
across the world.**

Scene: 3 A	
Screen Title: Bringing The Issue Closer - Opening	
Audio:	Video:
Interactivity: Scroll	Graphics: Spinning Globe GIF
Animation: Scroll, the previous text disappear Scroll, a spinning globe gif appear with fade animation and text 1 appear ascend animation Scroll text 2 appear below clarify animation	Text: Text 1: Climate change is no longer just a distant headline. Text 2: Its effects are becoming more visible across the world.

Scene: 3 B	
Screen Title: Bringing The Issue Closer - Rising Temperatures	
Audio:	Video:
Interactivity: Scroll	Graphics: World Map Outline Image, Thermometer image
Animation: Scroll, the previous scene move to the left and the world map appear in breathe animation. Scroll, Text 1 appear with Rise animation. Scroll, Text 2 appear with Rise animation and picture of a burning thermometer appear fade animation.	Text: Text 1: The Earth is getting warmer. Text 2: Global temperatures are rising year by year.

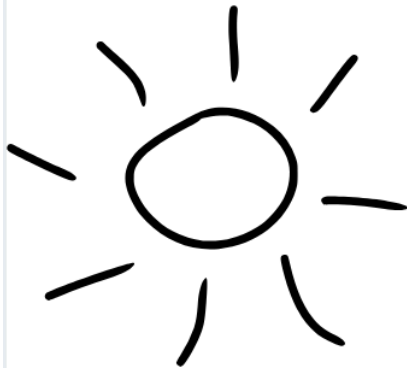

Scene: 3 C	
Screen Title: Bringing The Issue Closer - Ice Melting and Sea Level Rise	
Audio:	Video:
Interactivity: Scroll	Graphics: Thermometer image, Melting Iceberg image
Animation: Scroll, thermometer image move to the left side of the screen. The image of the iceberg melting and ocean appear with fade animation. Text 1 appear with Ascend animation. Scroll, Text 2 appear Scroll, the screen focus to the sea and text 3 appear.	Text: Text 1: As temperatures rise, ice begins to melt. Text 2: Glaciers shrink, and more water flows into the oceans. Text 3: Over time, sea levels rise, increasing the risk of coastal flooding.

These changes do not happen alone.

They affect the way our climate behaves

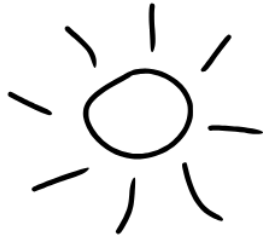

Scene: 3 D	
Screen Title: Bringing The Issue Closer - Transition	
Audio:	Video:
Interactivity: Scroll	Graphics: None
Animation: Scroll, the previous scene scroll ups, the colour background remain with the same colour as the sea. Text 1 appear Scroll, text 2 appear.	Text: Text 1: These changes do not happen alone. Text 2: They affect the way our climate behaves.

HEATWAVES

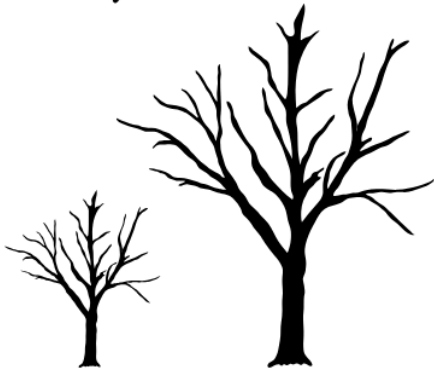

Higher temperatures make heatwaves more intense, frequent, and longer-lasting.

Scene: 3 E	
Screen Title: Bringing The Issue Closer - Extreme Weather (Heatwaves)	
Audio:	Video:
Interactivity: Scroll	Graphics:
Animation: Scroll, the background slowly change its colour to warm colour. Text 1 appear sun image appear with fade animation. The sun image slowly becomes larger. Text 2 appear	Text: Text 1: Heatwaves Subtext: Higher temperatures make heatwaves more intense, frequent, and longer-lasting.

DROUGHTS & WILDFIRES

More heat increases evaporation.

Land becomes drier, creating conditions for droughts and wildfires.

Scene: 3 F	
Screen Title: Bringing The Issue Closer - Extreme Weather (Droughts and Wildfires)	
Audio: Thunder sound effects	Video:
Interactivity: Scroll	Graphics: Sun image, Leafless tree image.
Animation: Scroll, the text from previous scene goes up, the sun image become smaller at the side. Text 1 and subtext2 appear. The leafless tree image slowly appear one by one. Subtext 3 appear.	Text: Text 1: Droughts & Wildfires Subtext 1: More heat increases evaporation. Subtext 2: Land becomes drier, creating conditions for droughts and wildfires.

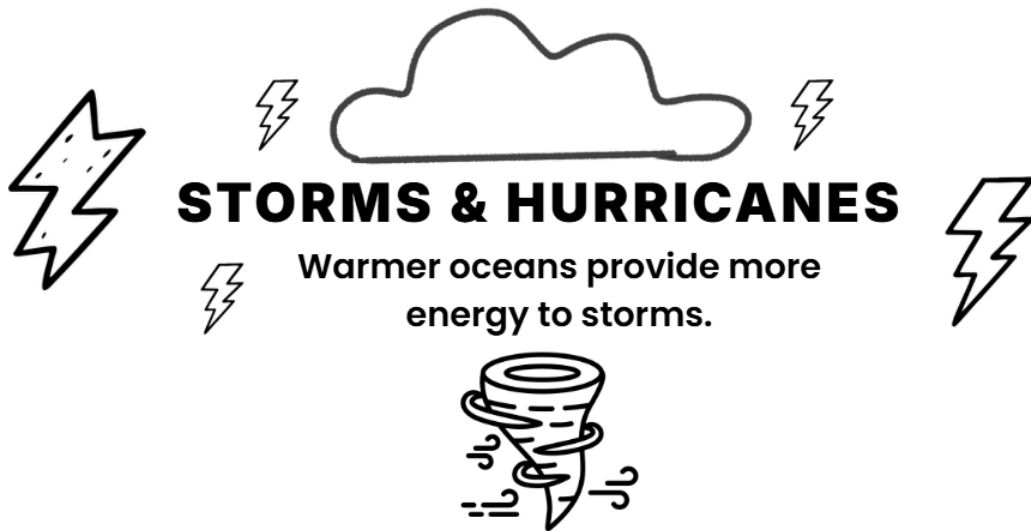

HEAVY RAIN & FLOODS

A warmer atmosphere holds
more moisture.

This leads to heavier rainfall and increased flooding.

Scene: 3 G	
Screen Title: Bringing The Issue Closer - Extreme Weather (Floods and Heavy Rain)	
Audio:	Video:
Interactivity: Scroll	Graphics: Cloud Image
Animation: Scroll, the previous scene goes up. Cloud image start appear at the top of the screen. Text 1 appear. Rain animation comes out. Subtext 1 appear The water from below slowly rising to half top of the page. Subtext 2 appear.	Text: Text 1: Heavy Rain & Flood Subtext 1: A warmer atmosphere holds more moisture. Subtext 2: This leads to heavier rainfall and increased flooding.

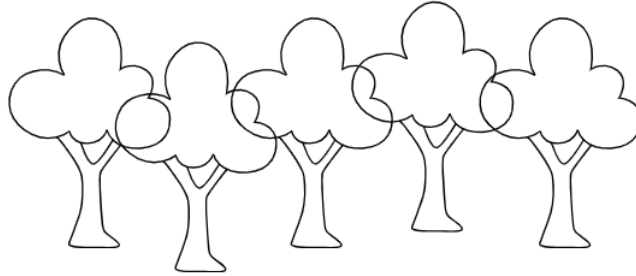

This can make them more powerful and destructive.

Scene: 3 H	
Screen Title: Bringing The Issue Closer - Extreme Weather (Storms & Hurricanes)	
Audio: Wind sound effects	Video:
Interactivity: Scroll	Graphics: Cloud image, thunder image.
Animation: Scroll, rain animation and the water below disappear. Text 1 appear. Strong wind animation comes out and Subtext 1 appear. Hurricane GIF appear with subtext 2.	Text: Text 1: Storms & Hurricanes Subtext 1: Warmer oceans provide more energy to storms. Subtext 2: This can make them more powerful and destructive.

DISRUPTION OF ECOSYSTEMS

Rapid environmental changes outpace the ability of many species to adapt.

Forests shrink, habitats disappear,
and some species face extinction

Scene: 3 I	
Screen Title: Bringing The Issue Closer - Extreme Weather (Disruption of Ecosystems)	
Audio:	Video:
Interactivity: Scroll	Graphics: Trees Image, Animal
Animation: Scroll, the previous scene disappear to the top. Scroll, Trees image appearing at the same time and text 1 appear. Scroll, Subtext 1 and 2 enter and trees image will slowly disappear one by one.	Text: Text 1: Disruption of Ecosystems Subtext 1: Rapid environmental changes outpace the ability of many species to adapt. Subtext 2: Forests shrink, habitats disappear, and some species face extinction

**What once seemed like distant events are becoming part
of our shared reality.**

Scene: 3 J	
Screen Title: Bringing The Issue Closer - Closing	
Audio:	Video:
Interactivity: Scroll	Graphics:
Animation: Scroll, all the image and text from previous scene disappear with fade-out. Text 1 appear.	Text: What once seemed like distant events are becoming part of our shared reality.

Climate change does not happen on its own.

It is driven by human activities.

Scene: 4 A	
Screen Title: The Causes - Opening	
Audio:	Video:
Interactivity: Scroll	Graphics: Human Silhoutette image.
Animation: Scroll, the text 1 already there Scroll, text 2 appear with human silhouette image and there will be line connected to the hand of the human.	Text: Text 1: Climate change does not happen on its own. Text 2: It is driven by human activities.

EMISSIONS

This releases gases into the air that
trap heat in the atmosphere

We burn fossil fuels like coal, oil,
and gas to power our homes,
cars, and industries.

Scene: 4 B

Screen Title: The Causes - Emissions

Audio:

Video:

Interactivity: Scroll

Graphics: Factory image, Smoke image,
house image, car image.

Animation:

Scroll, the line continues, text 1 appear.

Text 2 appear, the factory image, cars, and
home image appear.

Smokes floating in the air animation.

Text:

Text 1:

EMISSIONS

Text 2:

We burn fossil fuels like coal, oil, and gas
to power our homes, cars, and industries.

Text 3:

This releases gases into the air that trap
heat in the atmosphere.

DEFORESTATION

Forests are cleared for development.
Fewer trees means less carbon is
absorbed.

Scene: 4 C	
Screen Title: The Causes - Deforestation	
Audio:	Video:
Interactivity: Scroll	Graphics: Trees image. Bulldozer image.
Animation: Scroll, the line continues. Text 1 will appear with Subtext 2 The image of the trees slowly disappearing one by one and buildings images are appearing one by one replacing the trees. Subtext 2 will appear.	Text: Text 1: Deforestation Subtext 1: Forests are cleared for development. Subtext 2: Fewer trees mean less carbon is absorbed.

URBAN & INDUSTRIAL GROWTH

Rapid urbanization and industrial activities
increase energy demand and emissions.

Scene: 4 D	
Screen Title: The Causes - Urban & Industrial Growth	
Audio:	Video:
Interactivity: Scroll	Graphics: Building image
Animation: Scroll, the lines continues. Text 1 appear at the same time with subtext 1 Subtext 2 appear with different colour,	Text: Text 1: Urban &Industrial Growth Subtext 1: Rapid urbanization and industrial activities subtext 2: increase energy demand and emissions.

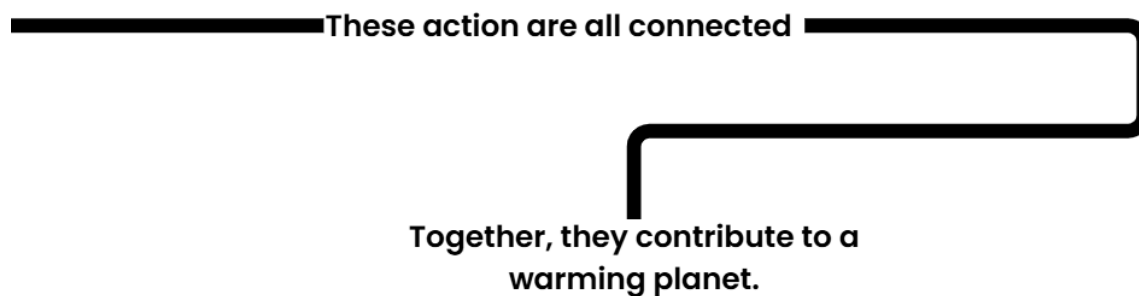

OUR EVERYDAY LIFESTYLE

also play a role.

The energy we use.
The way we travel.
The things we consume.
The waste we produce.

Scene: 4 E	
Screen Title: The Causes - Everyday Lifestyle	
Audio:	Video:
Interactivity: Scroll	Graphics: Lightning images. Car images, Paper bag images, Trashbin images.
Animation: Scroll, the lines continues Text 1 appear with subtext 1. All the 4 images appear as subtext 2 appear.	Text: Text 1: OUR EVERYDAY LIFESTYLE Subtext 1: also play a role. Subtext 2: The energy we use. The way we travel. The things we consume. The waste we produce.

Scene: 4 F	
Screen Title: The Causes – Closing	
Audio:	Video:
Interactivity: Scroll	Graphics:
Animation: Scroll, lines continues, text 1 appear and lines continues and then text 2 appears	Text: Text 1: These actions are all connected Text 2: Together, they contribute to a warming planet.

If human actions contribute to the
problem,

WHAT WE CAN DO?

Human actions can also be part of
the solution

Scene: 5 A	
Screen Title: What We Can Do - Opening	
Audio:	Video:
Interactivity: Scroll	Graphics:
Animation: Scroll, text 1 appear Scroll, text 2 appear Scroll, text 1 and 2 slowly disappear and Text 3 appear as the as the background.	Text: Text 1: If human actions contribute to the problem, Text 2: Human actions can also be part of the solution Text 3: WHAT WE CAN DO?

ENERGY USAGE

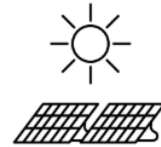

Use less energy in your daily life.

Turn off lights when
not needed

Choose energy-
efficient appliances.

If possible, switch to
clean energy sources.

Scene: 5 B	
Screen Title: What We Can Do - Energy Usage	
Audio:	Video:
Interactivity: Scroll, Click Button	Graphics: Bulb images, Light images, Energy images, Solar images
Animation: Transition animation on enter: Text 1 appear and the Bulb images appear. After that subtext 1 appear. User click Light Button, subtext 2 appear User click Energy Button, subtext 3 appear User click Solar Button, subtext 4 appear	Text: Text 1: ENERGY USAGE Subtext 1: Use less energy in your daily life. Subtext 2: Turn off lights when not needed Subtext 3: Choose energy-efficient appliances. Subtext 4: If possible, switch to clean energy sources.

TRANSPORT

Rethink how you move

Use public transport
Walk or cycle when possible

Scene: 5 C	
Screen Title: What We Can Do - Transport	
Audio:	Video:
Interactivity: Scroll	Graphics: Train images, Human walking images, bicycle images
Animation: Scroll, text 1 appear and the line below appear with subtext 1 The images appear after at the same time with subtext 2	Text: Text 1: TRANSPORT Subtext 1: Rethink how you move Subtext 2: Use public transport Walk or cycle when possible

SUSTAINABLE CHOICES

The choices we make every day matter.

Reduce what you throw away. Reuse what you can. Recycle responsibly.

Support sustainable products and avoid unnecessary consumption.

Scene: 5 D	
Screen Title: What We Can Do – Sustainable Choices	
Audio:	Video:
Interactivity: Scroll	Graphics:
Animation: Scroll, the previous scene moves to the left.	Text: Text 1: The choices we make every day matter. Text 2: Reduce what you throw away. Reuse what you can. Recycle responsibly. Text 3: Make more conscious choices in your daily life Text 4: Support sustainable products and avoid unnecessary consumption.

One action may seem small

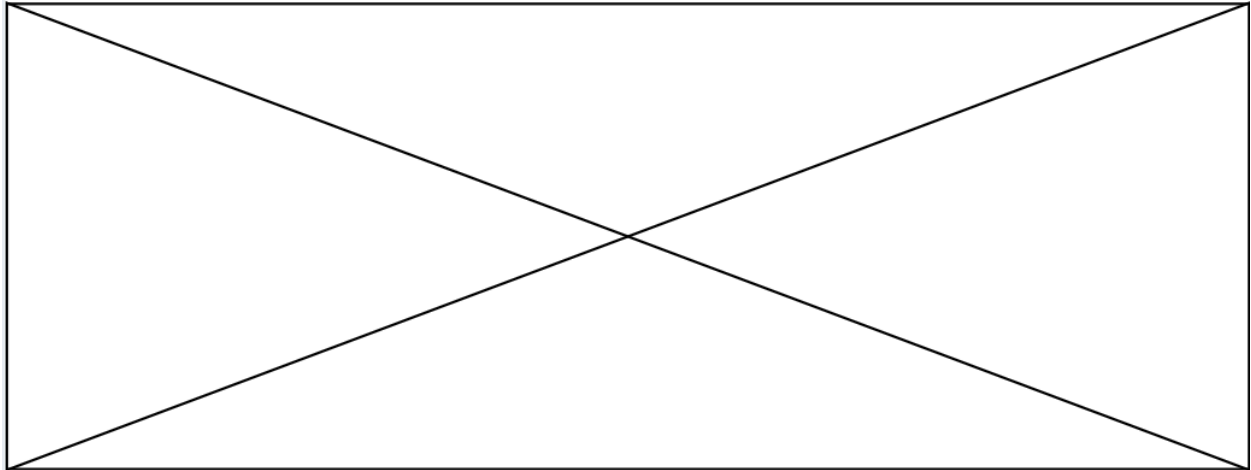

But when many people act together,

Small changes become powerful impact

Scene: 5 E	
Screen Title: What We Can Do – Closing	
Audio:	Video:
Interactivity: Scroll	Graphics: Handshake image.
Animation:	Text: Text 1: One action may seem small Text 2: But when many people act together Text 3: Small changes become powerful impact

But this story is still being written.

**Every choice we make
Shapes what comes**

Scene: 6	
Screen Title: Call to Action – The Closing	
Audio:	Video:
Interactivity: Scroll, Image slider	Graphics: Before and after Climate Change Image.
Animation: Scroll, Text 1 appear. The word 'REALITY' is bold. Scroll, the screen zoom to the word 'REALITY'. Scroll, Text 2 appear Scroll, Text 3 appear The before and after image appear in the middle of text 2 and 3.	Text: Text 1: What once felt distant is now part of our REALITY Text 2: But this story is still being written. Text 3: Every choice we make shapes what comes next.

**A better future is still possible
and it begins with**

US

Be Part of the Change

Scene: 6	
Screen Title: Call to Action – The Closing	
Audio:	Video:
Interactivity: Scroll, Click Button	Graphics:

Animation: Scroll, all text 2 and text 3 appear and then the final line appear with Stencil Fill animation . The word 'US' is highlighted with different colors. Button appear with hover border draw.	Text: Final Line: A better future is still possible, and it begins with us Button: Be Part of the Change
